To Whom It May Concern

REFERENCE:

**Paul Naylor
Knot Only Carpentry**

Paul Naylor and his team at Knot Only Carpentry recently completed work on my house in North Melbourne. I was delighted with every aspect of the works undertaken. The quality of the building, particularly the carpentry, was of a high quality, and this quality was delivered consistently. As an Architect, I am familiar with high quality building, so what most impressed me with Paul and his team was the positive and practical approach to everything. My house is very old, and so there were lots of difficult and niggling issues which arose during the work, and so I particularly appreciated the problem-solving approach taken by Paul and his team. Finally, it was a pleasure to work with such considerate and courteous professionals, making the whole process as painless as it could be.

Due to the quality of building and the professional and courteous manner in which Knot Only Carpentry have operated on my project, I would have no hesitation in using them for future projects and am happy to be contacted directly to support this recommendation.

Yours sincerely
